PROFILE

Motivated and detail-oriented Computer Science student currently pursuing second-year undergraduate studies, with a strong interest in UI/UX design and web development. Completed a practical internship, gaining hands-on experience in designing intuitive user interfaces and building responsive web applications. Proficient in HTML, CSS, JavaScript, and familiar with React.js and backend fundamentals. Eager to learn emerging technologies and contribute creative, efficient, and user-centered solutions to real-world projects.

Internship/Experience

TVS Automobile Solutions Pvt

2025 - PRESENT

Software Developer

- Built responsive and interactive web pages using React.js. Developed reusable components to improve efficiency. Ensured smooth user experience across devices and browsers.
- Created RESTful APIs and handled server-side logic using Node.js. Managed databases and optimized backend performance. Ensured secure and seamless communication between frontend and backend
- Integrated secure login functionality with Node.js backend and MySQL database for real-time authentication.

UI/UX Designer

- Designed simple and user-friendly interfaces with a strong focus on usability. Created well-structured designs that ensure a smooth user experience.
- Developed wireframes and prototypes to translate ideas into visual solutions. Built intuitive user flows that improve accessibility and navigation. Enhanced user satisfaction through clean layouts and effective design practices.
